## Proposal for Sponsorship

Dear Sir/ Madam,

We are pleased to announce that Nepal Land & Housing Developers' Association (NLHDA), the umbrella organization of the real estate companies of Nepal, is organizing yet another edition of land and housing exposition in the capital city Kathmandu. This event, NLHDA Property Expo 2018, will take place at the Brikutimandap Exhibition Ground from 14th to 18th June 2018.

NLHDA Property Expo 2018 will be a grand exposition of the land and housing business in Kathmandu and across the country. This event will be a meeting point for developers, real estate businessmen, construction materials dealers and their potential customers where exhibitors will be showcasing their models and units, while a large number of potential buyers will have an opportunity to collect information about what is available to suit their needs.

The objective of the NLHDA Property Expo 2018 is to create a common platform for housing companies, real estate dealers, land developers and other related businesses. There will be 120 stalls in the expo and more than 100,000 people are expected to visit. Also, symposiums and conferences will be organized during the Expo to discuss and address contemporary issues.

Land and housing events held in the past years have turned out to be very fruitful with overwhelming participation of exhibitors and visitors. Moreover, on-the-spot transaction of housing units and residential plots was also very encouraging. The current trend of this business in the country is a clear indication that the Property Expo 2018, Nepal will achieve tremendous success.
